

KitBin® ErgoNizer™ systems deliver improved safety

Efficient- set 3 or 4 walls in place to secure products, speed pick & pull operations

Unique pallet base features reinforced center legs and integral rubber anti-slip inserts that increase the system's holding power.

Ergonomic- helps workers avoid strenuous reaching, back strain and pulled muscles

Versatile- pallet can be used by itself or with KitBin or extended height KitBin XT detachable sidewalls

Accessible- new clip design permits the top half of the XT wall to be folded down for easier access
