

KitBin® XT bulk containers provide greater volume, increased versatility

Combines all of the features of the standard KitBin® knockdown container with the ability to handle approximately 70% more weight and volume.

Ergonomic- helps workers avoid strenuous reaching, back strain and pulled muscles

Accessible- new clips allow the top half of a sidewall to be removed or folded down for easier access

Versatile- use sidewall panels with standard KitBin pallets or new ErgoNizer pallets

Efficient- set 3 or 4 walls in place to secure products, minimize damage, speed pick & pull operations

Innovative- user-friendly panel locking mechanism operates from the outside, eliminating the need to reach inside the container.
